

*Once again, Innovation Reinvented by Dream Weaver® and Engineered Floors, LLC®, and this time it's "A Better Backing System". PureBac™, featuring UltraFresh, is the first premium backing system on our own PureColor® fiber system. Not only does PureBac offer unprecedented flexibility and dimensional stability, but also includes a backing that will not break down when exposed to moisture. PureBac has NO latex, thus increasing the ease of installation by being lighter, more flexible and softer, saving time, energy, and money.*
